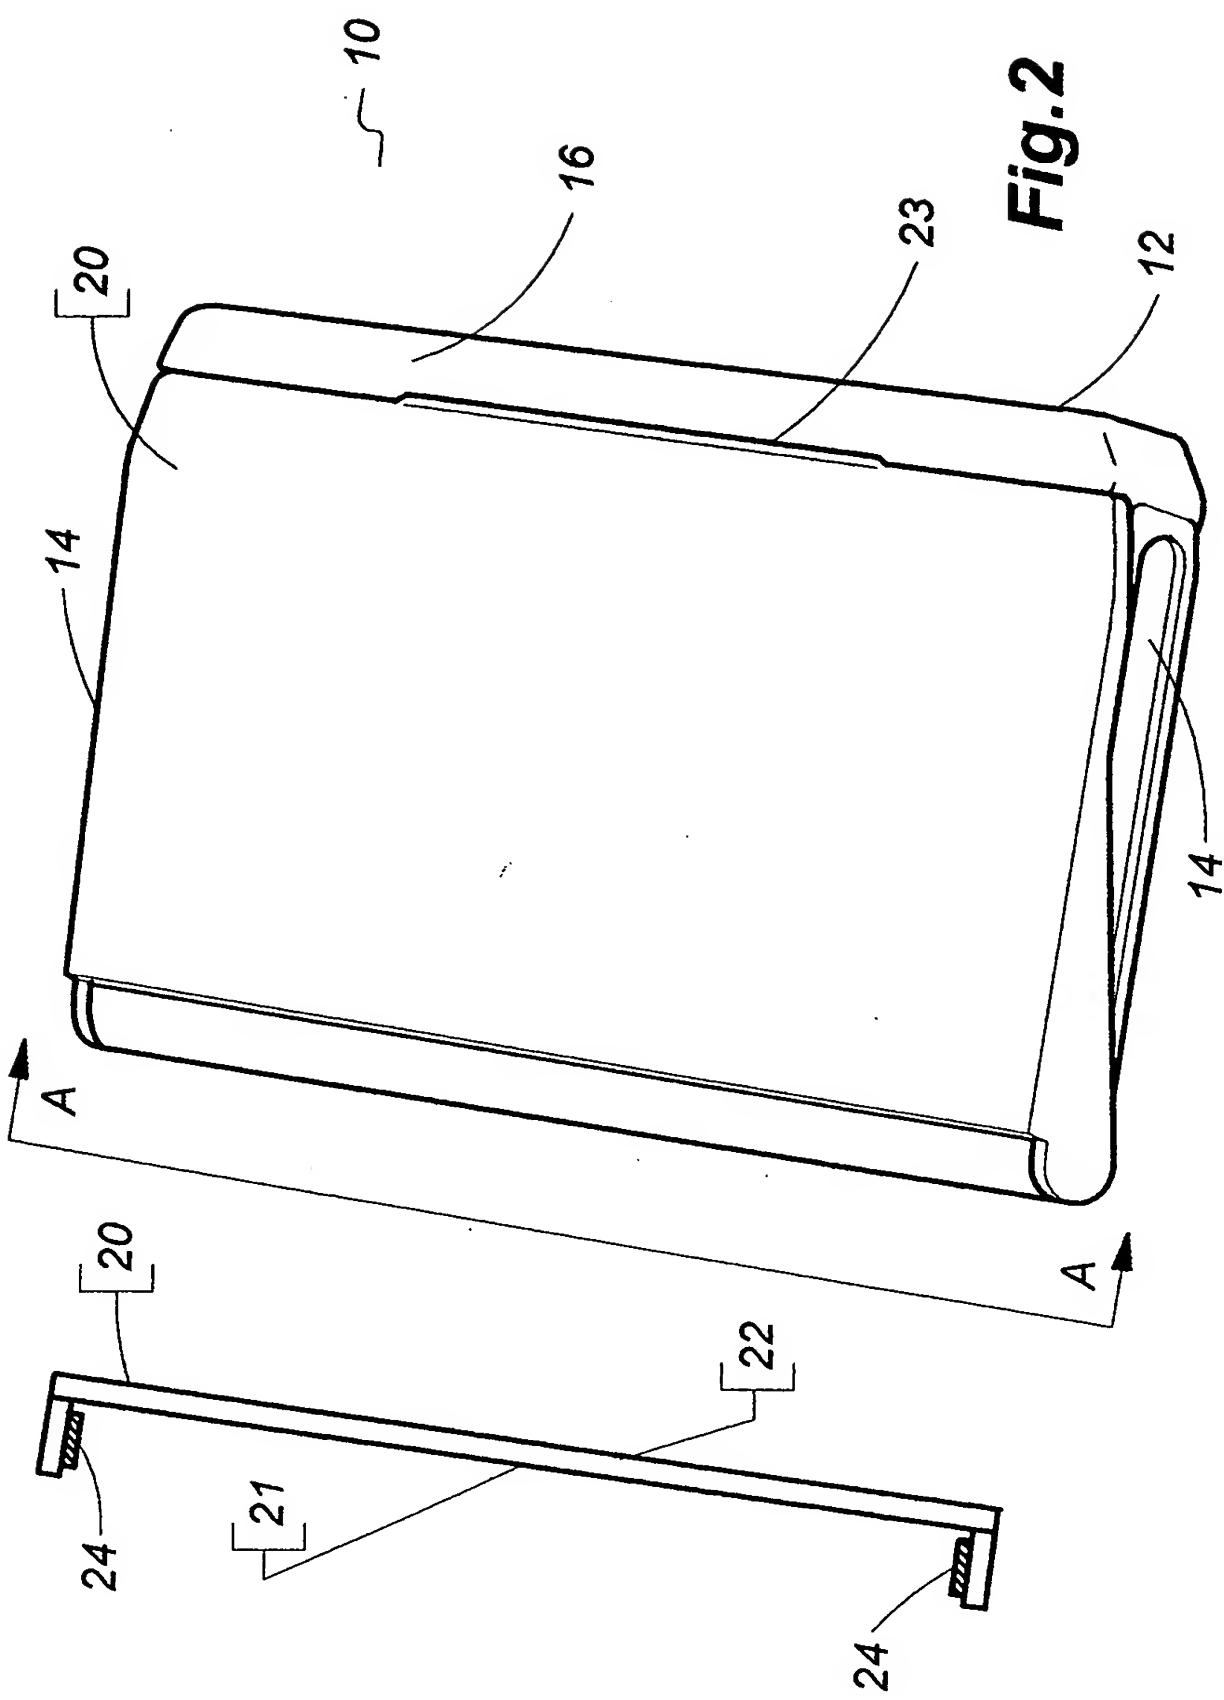

Fig.3

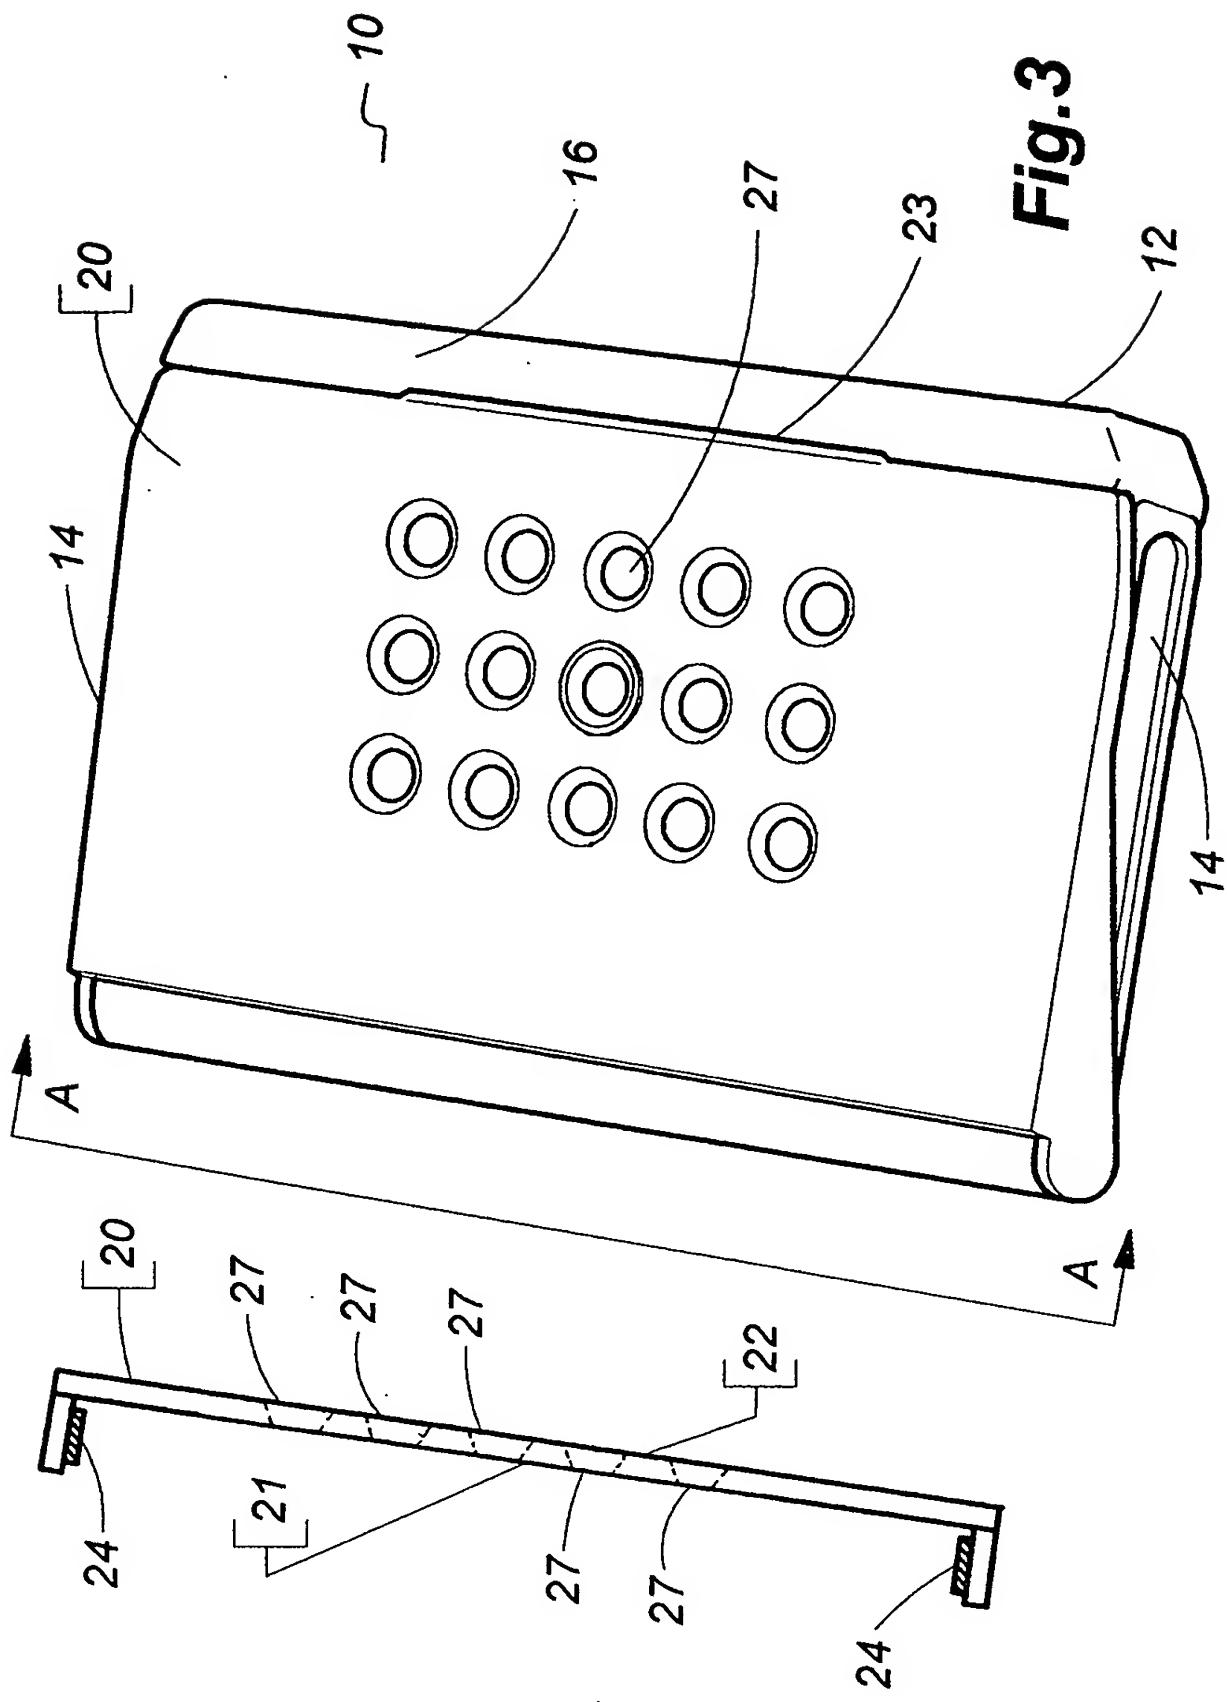

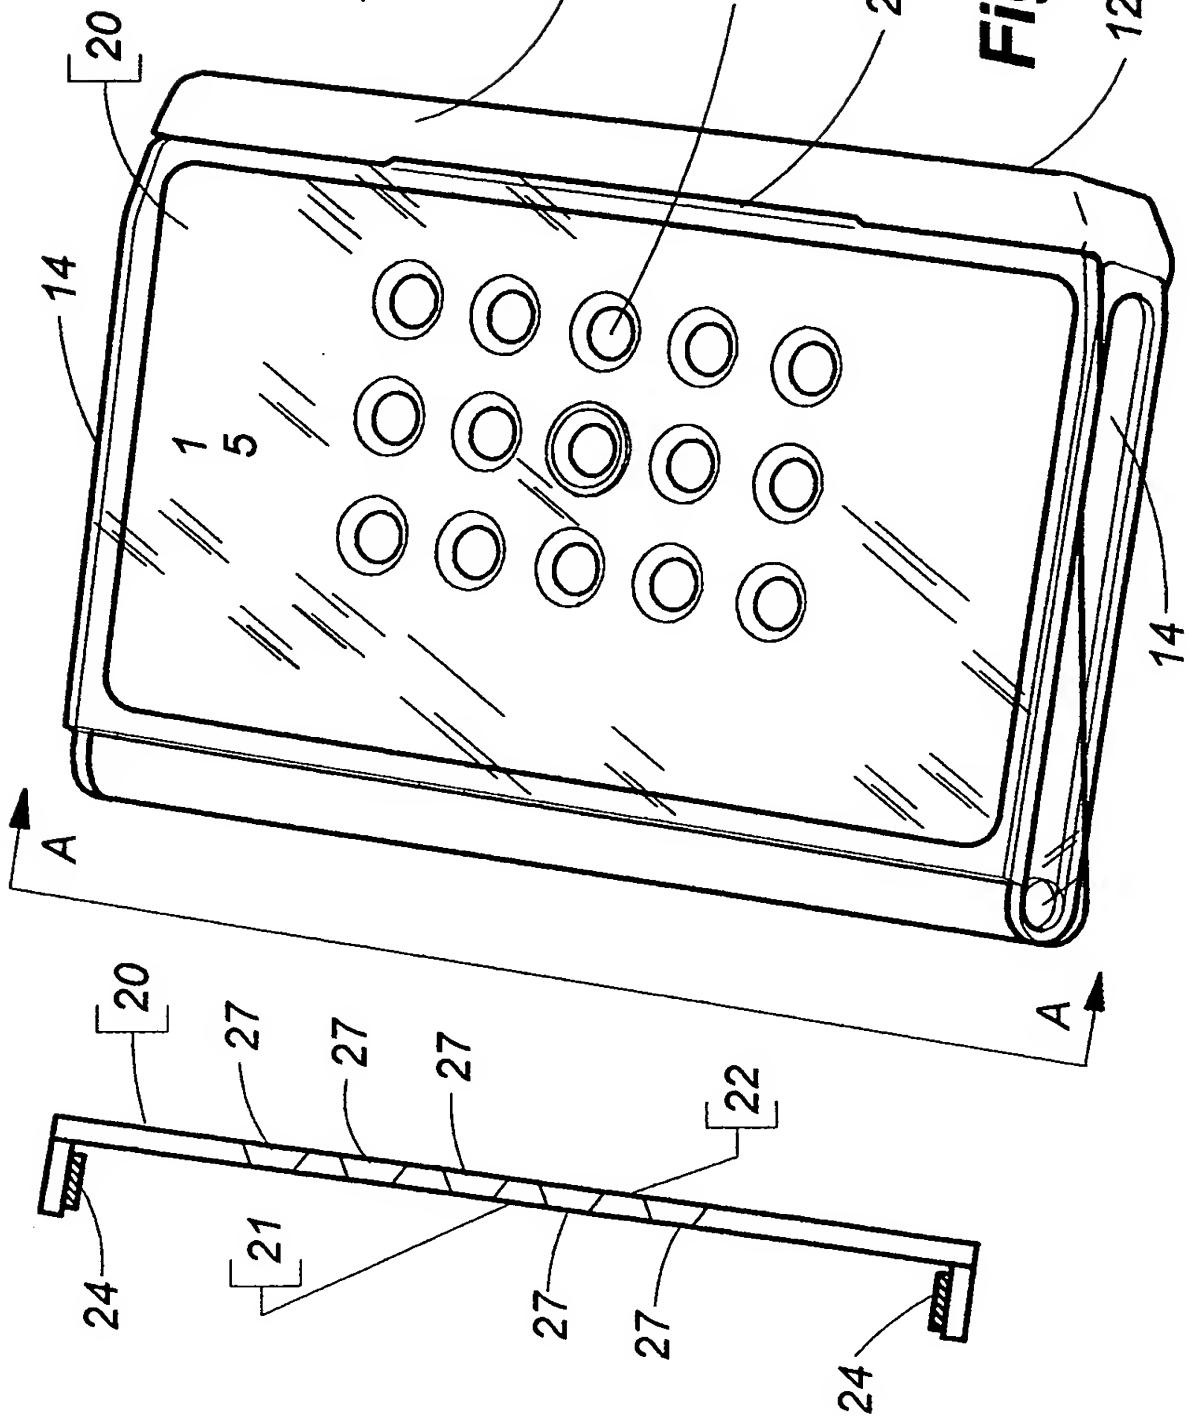

Fig. 4

A perspective view of a rectangular tray or mold. The top surface features a grid of 15 circular indentations, some of which contain diagonal hatching. The tray is bounded by a thick outer wall labeled 14. A handle or grip 20 is attached to the top edge. A curved line labeled 10 indicates the depth of the tray's interior. The right side of the tray is labeled 12.
